

## International Workshop on Applied Linguistics in Central Europe (IWALCE)

ELTE Eötvös Loránd University, Faculty of Humanities

22th May 2025

|                                     |                                                        |                                                                                                                                                                                                     |
|-------------------------------------|--------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 8:30-8:45                           | Opening                                                | Judit Bóna                                                                                                                                                                                          |
| <b>Session chair: Marianna Slíz</b> |                                                        |                                                                                                                                                                                                     |
| 8:45-9:00                           | Csilla Bartha                                          | Critical Applied Linguistics and Transformative Justice: Collaborative Research with Marginalized Communities                                                                                       |
| 9:00-9:15                           | Annamária Bene                                         | A brief recap of how are we doing lately - language-wise                                                                                                                                            |
| 9:15-9:30                           | Gábor Simon                                            | Metaphorical expressions in presuicidal interaction: a corpus-driven research                                                                                                                       |
| 9:30-9:45                           | Agnieszka Veres-Guśpiel                                | I'm sitting in front of the screen and talking to it II – Sociolinguistic contexts of CMC communication schemata – tendencies during COVID pandemic and followup comparative study 5 years after it |
| 9:45-10:00                          | Questions                                              |                                                                                                                                                                                                     |
| 10:00-10:15                         | Coffee break                                           |                                                                                                                                                                                                     |
| <b>Session chair: Tamás Farkas</b>  |                                                        |                                                                                                                                                                                                     |
| 10:15-10:30                         | Gizella Szabómihály                                    | Practice-oriented terminology work at the Institute of Hungarian Linguistics and Literature Sciences of the Faculty of Central European Studies (Constantine the Philosopher University in Nitra)   |
| 10:30-10:45                         | Csanád Bodó                                            | Participatory roles and sociocultural differences in collaborative writing                                                                                                                          |
| 10:45-11:00                         | Oliviú Felecan -<br>Daiana Felecan -<br>Alina Bugheşiu | Czechs and Slovaks in Romania. Socio-onomastic aspects                                                                                                                                              |
| 11:00-11:15                         | Ágnes Kuna                                             | From metaphor research to conflict management training                                                                                                                                              |
| 11:15-11:30                         | Questions                                              |                                                                                                                                                                                                     |
| 11:30-11:45                         | Coffee break                                           |                                                                                                                                                                                                     |

| <b>Session chair: László Palágyi</b> |                             |                                                         |
|--------------------------------------|-----------------------------|---------------------------------------------------------|
| 11:45-12:00                          | Zuzanna Bodziony            | Articles in Teaching Hungarian as a Foreign Language    |
| 12:00-12:15                          | Tamás Farkas – Mariann Slíz | Errors in the translation of proper names               |
| 12:15-12:30                          | Zsuzsa Gonda – Zsolt Hollóy | Analysis and development using the RED measurement tool |
| 12:30-12:45                          | Bóna Judit                  | New Approaches in child speech research                 |
| 12:45-13:00                          | Questions                   |                                                         |
| 13:00                                | Closing                     |                                                         |
