## Our work and goals

We have two main goals...

DO WE DO THAT?

**We offer our help to you...**

**...through our mentors...**

**they are the volunteers of ESN ELTE who are there to help you with any questions regarding the university, its system/questions about the city, transportation, restaurants, bars... and anything else that you might need as exchange students**

**you can get mentors through an app called Papaya → specific instructions: our Instagram page: esnelte**

**they help facilitating events and happenings of the organization**

**We want to make your stay here unforgettable...**

**...through our events and happenings...**

**We organize 2-3 events a week including parties, social events, hikes, bath afternoons, quizzes etc...**

**We have ESNcard that grants you discounts for events, for certain services provided by e.g. Ryanair, Flixbus, Spotahome and others... ([esncard.org](https://www.esncard.org))**

**'Meet your mentee' events that give you the opportunity to get to know your mentor, your buddy, your turn-to person for the semester**
