

Dear Students,

We are almost at the end of the study period, time flies. Hope you can achieve your goals for this semester, but do not forget to start planning your Autumn semester of 2021/22 since the registrations starts in May 2021. This May offers applications, lectures, and interesting reading opportunities.

As COVID restrictions are also less strict, it is possible to study and spend time at the terraces of restaurants and cafés. Be careful, though, and take care of yourselves and others too.
