Dear Students,

It is officially spring now, so let us hope the spring weather will come soon now. The campus is full of life again as we returned to offline education, and it will become greener and greener week by week as nature is waking up. Enjoy our little green island in the heart of the city again.

When you sip your tea or coffee from Múhely Café or Könyvtár Klub, please check our collection of news, announcements, and programme recommendations for March.
